T2000

Telephone hood, -9dB, Yellow

- ✓ Sturdy and robust
- ✓ Made for maritime and industrial environments
- ✓ Made of thermoset composite GRP certified to BS476 Part 7 Class II

Description

The T2000 telephone hood is specifically designed and made for installation in demanding or hazardous environments and is extremely robust and environment proof.

The hood is manufactured in two halves, which are then bonded together as well as being held with stainless steel rivets.

Telephones can be mounted in a 450mm high and 250mm wide flat area in the back of the hood. Wall fixing pack is included.
