Package with TCIA-2,TKIA-2,TKIS-2

Door Intercom	Turbine	IP66	IK10	Automatic Volume	HD Voice

|		
Automatic Gain Control	Active Noise Cancelling	Voice Activity Detection

Description

✓ Package comprising TCIA-2, TKIA-2, TKIS-2

✓ Vandal resistant Analog over IP intercom

✓ Combine the network security of an analog intercom with the audio features of an IP intercom.

✓ Up to 60 meters extended analog interface keeps your IP network port in protected area.

✓ Ideal for Building Security and Public Environments where you don't want to expose your physical IP network.

Zenitel's Air Gap Solution:

Zenitel's air gap solution is ideal when you need to place an intercom in an unsecured area, but wish to keep your IP network in a protected area. The TCIA-2 IP-Analog intercom is best suited for deployment under such circumstances. The TCIA-2 connects to the Zenitel air gap gateway (comprising the TKIA-2 and TKIS-2) that is placed in a secure area, up to 60 meters from the TCIA-2 intercom.

Zenitel's air gap solution
