EX Signal Horn 24 V DC IP 66 - II 2 G EEx de IIC T6

Description

- ✓ Strong horn with typical horn signal, 105 dB
- ✓ For use in areas exposed to explosions in zones 1 and 2.
- ✓ Modular system with synthetic cover made of fiberglass reinforced polyester.
- ✓ Flame-proof chamber "d"
- ✓ The security-class connection chamber increased safety "e".
- ✓ Lower weight - robust and corrosion proof construction.
- ✓ Insulation class II - no potential equalization required.
- ✓ DC models with electronic switches - significantly longer service life.
- ✓ IP66
- ✓ Operational Temperature: -20 to +75 °C

Specifications

GENERAL

Diameter	190mm
Housing Colour	Black RAL 9005
Mounting	Independent
Nominal current	0,65 A
Number of tones	1
Sound control	No
Supply voltage	24 V
Terminal connection	2,5 mm²
Weight	5500g
