

Release Bulletin

ICX-AlphaCom Core Software

To: All Zenitel Offices and Partners

21/9/2020

Introduction

Zenitel is pleased to announce the release of ICX-AlphaCom Core version 1.1.3.1. This software is available for both the ICX-500 and x64-based servers.

Improvements

ICX-AlphaCom Core version 1.1.3.1 is a maintenance release. No new features have been added. For details on all changes in this and previous releases, please visit the 'Release Notes' section on: https://wiki.zenitel.com/wiki/Category:Release_notes

Cyber Security

Zenitel has performed vulnerability scans with 2 different packages. No major issues have been found. When installing ICX-AlphaCom, please use the guidelines as detailed in the document 'CyberSecurity Hardening Guide' available on www.zenitel.com.

Availability

ICX software 1.1.3.1 is now available on Zenitel Wiki. As software updates may be made available at any time, it is always advisable to check for the latest available version on a regular basis. The software is available for download at: <https://wiki.zenitel.com/wiki/Downloads>.

To be able to download software it is required to log in with a username and password. These can be obtained by sending a mail to alphasupport@zenitel.com. Please make sure that we can identify from the mail who you are.

Feedback

If you have any questions related to this bulletin, please contact your local Zenitel sales representative. We look forward to further developing our cooperation in 2020 and are grateful for your continued business and support.
