WHAT IS VINGTOR-STENTOFON?

Vingtor-Stentofon is owned by the Zenitel Group and is the result of merging the two product brands formerly known as Vingtor and Stentofon into one. The merger of the two brands, was a strategic goal in keeping with Zenitel's corporative objectives as all products are designed, developed and manufactured under the Zenitel Group.

The Zenitel Group has a strong presence in both the onshore and offshore secure communications market through its global product brand Vingtor-Stentofon. The Company's main product offering is within Public Address & General Alarm, Intercom, Radio and integrated communications systems. For more information visit www.zenitel.com/about.

COMPACT AND ELEGANT INDOOR IP INTERCOM

NEW!

▶ VoIP INTERCOM
▶ VoIP SPEAKER
▶ VoIP AMPLIFIER

TMIS-1 – TURBINE MINI
1008116010

«Phenomenal audio in a compact housing»

TMIS-1 is an indoor intercom station that fits inside a standard 2-gang back box. It is a Turbine station; this means you get the best-in-class audio at a very competitive price.

When we look at the market for flush mounted, very compact IP Intercom Points.

TMIS has:

▪ **10W Class D Amplifier**
  - Crystal Clear Audio at SPL90dB.

▪ **G722 codec**
  - Hear the full range of the human voice.

▪ **6 I/O Ports**
  - For access control integration and DTMF Scripting.

▪ **PULSE**
  - a native SIP platform, available, out-of-the-box, on every unit.

TCIV-3– TURBINE VIDEO STATION
1008115030

«Best-in-Class audio, now has video»

We are extremely proud of our TCIV-3 station. We added video capabilities to our Turbine Compact station range without compromising at all on its fantastic audio quality.

The sound quality of our Turbine Series comes from excellent hardware components, smart software and an equally important mechanical design that guarantees excellent acoustics and a smooth flow of high pressure sound waves.

TCIV-3 has:

▪ **10W Class D Amplifier**
  - Crystal Clear Audio at SPL105dB

▪ **H264 (HD) and MJPEG (SD)**
  - Two popular formats to choose from

▪ **6 I/O Ports**
  - For access control integration and DTMF Scripting

▪ **PULSE**
  - a native SIP platform, available, out-of-the-box, on every unit.

TKIS-2 – VOIP & IP PA MODULE
1008131020

«Build your own VoIP station or IP PA system»

TKIS-2 is a very compact VoIP Interface module.

Use it to:
- convert a legacy PA system to an IP PA system

- connect it directly to a speaker, as TKIS-2 has a built-in amplifier.

- Build your own dedicated VoIP Intercom Station. We support g711, g722 and g729

TKIS-2 has:

▪ **10W Class D Amplifier**
  - No other VoIP kit offers this.

▪ **6 I/O Ports**
  - For access control integration and DTMF Scripting.

▪ **PULSE**
  - a native SIP platform, available, out-of-the-box, on every unit.
